Research Note Cards

Notes from (Book/Website Name): *(Write the name of the resource used)*

Notes:

- *On these cards, you will write the title of the book or website that you used and important facts about your topic taken from that book/site. Use a different notecard for each book/website. You do not have to use all of these notecards. If you need more notecards, go to the library or the library website.*
- *To avoid plagiarism, use bullet points and write in your own words – full sentences aren't necessary.*
- *You may use a direct quotation in your paper, IF you properly cite the resource in the body of your paper, enclose the quote in quotation marks, and include the resource on your Works Cited page.*
- *Be sure to label facts so you understand your notes!*
- *Collect information for your MLA citations on a separate sheet of paper (i.e. Citation Maker)*
